

Swisens wins 50'000 Swiss francs at the Central Switzerland Startup Prize!

On 11 March 2022, the [Albert Koechlin Foundation \(AKS\)](#) celebrated its 25th birthday. To mark the occasion, it presented Central Switzerland with a number of anniversary projects in all its areas of activity. One of these is in the area of business:

For some time now, the AKS has been involved in loan financing for start-ups. In its anniversary year, it is placing an additional focus on the promotion of innovative young companies: with the Central Switzerland Startup Prize, endowed with a total of 510,000 Swiss francs.

All nominees are graduates of the Accelerator Programme of [*zünder](#), an initiative to promote start-ups in the cantons of Central Switzerland.

An expert jury selected the winners from the nominees. The prize was awarded at a festive event on 11 November 2022.

Swisens wins the award as one of total 5 nominated startups in the category “growth phase” endowed with 50,000 Swiss francs.

For this achievement, we would like to thank all our partners, customers and mentors who have supported us from the beginning.

THANK YOU!!
